Good day to you.

I am writing to inform you that my ward, Chan Lok Hin Gordon, student of class 5C37 is **not taking** the H3 Music due to the following reasons:

1. An extension of H2 subjects, the H3 subjects provide an in-depth study by exposing students to advanced content. Gordon and I **firmly believe** that students should pursue H3 subjects having strong fundamentals in their respective H2 subjects.
2. Although Gordon did his best in his JC 1 promotional examination, he obtained a mediocre grade C in H2 Music, indicating the lack of fundamentals.
3. Based on MOE's syllabus, H3 Music requires sophisticated reading and research. Students taking H3 Music should have a good command of English. Coming from a non-English speaking background, Gordon's English proficiency falls short of his peers. As a result, he barely passed his General Paper.
4. Gordon's Psycho-Education Report (forwarded to MOE via DHS in this September) has confirmed Gordon is suffering from **Specific Learning Disability** (SLD). This assessment identified Gordon has difficulty coping with reading and writing English.
5. Based on Gordon's track records since his schooling in Singapore at 2017 till now, it has shown humanities & arts are his **weakness** while science & maths are his **strength**. Pursuing H3 Music exposes Gordon's weakness should not be considered. It will be practical if DHS could direct Gordon to take H3 Maths where his strength lies.
6. As Gordon's guardian, representing his financial sponsors in Hong Kong, I believe that I have the **right** to decide what is best for Gordon's education.

Yours Faithfully,

Kevin Chan Yat Fan (SXXXX524I)
Guardian of Chan Lok Hin Gordon
